govinity

GOVINITY FOR SCHOOL DISTRICTS

Board governance, without the workarounds.

Govinity replaces the patchwork of tools, manual steps and compliance risks that slow your board office down, with one platform and one record.

Every board item goes from first draft to public archive, with AI where it matters most.

One platform. Three products.

Govinity Tenure
Seats and terms

Govinity AgendaCycle
Request to final action

Govinity Gavel
Votes, minutes, video

Govinity Access (public portal) is included with every product. Govinity Gateway (securely connects your existing website, records system and AI tools) is available as an add-on.

WHY DISTRICTS CHOOSE GOVINITY

Six differences your board office will feel.

Natively integrated

Agendas, meetings, minutes and board seats on one platform, with one record from draft to archive.

Complete items, every time

Validated intake means departments submit complete items, and agenda, packet and minutes match.

Posting deadlines, handled

Deadline-aware posting set for your state's open meeting law, with one current version of each item.

Minutes without the cleanup

Votes are captured live, and minutes start from your agenda. Staff approve every line.

Every family included

Built to WCAG 2.1 AA, with translation into English plus 13 languages, and more added all the time.

Support on board night

Same-day response, every time, and live in-app support during evening board meetings.

TALK TO THE PEOPLE WHO BUILT IT

The partner public service deserves.

CASE STUDY · MESA PUBLIC SCHOOLS, AZ

Arizona's largest school district chose Govinity.

60,000+	80+	5	2025
students served	campuses, preschool through high school	elected board members	Govinity customer since

Before: agenda input from departments across the district, Arizona's 24-hour posting deadline, a Diligent BoardDocs setup that dropped members mid-session, and slow minutes cleanup after every meeting.

Now: every item moves through validated intake, the board runs its meetings on live tools built for the dais, and the published agenda and packet keep the district's established format. Mesa is fully live on agendas, minutes, streaming and in-chamber voting.

BUILT FOR SCHOOL BOARDS

Works the way your board meets

- Your state's open meeting rules, set for each board
- Your published agenda and packet format, kept
- Board seats, terms and voting records in Tenure
- Families watch live, with captions and translation
- One license for the whole district, no per-user fees

Being moved off BoardDocs?

If you have to switch platforms anyway, compare first. Mesa Public Schools moved from BoardDocs to Govinity and kept its published agenda format.

About Govinity

We're the people who spent decades building, implementing and supporting meeting management alongside public agency staff, including school districts. We built Govinity because we knew what the technology should be, and now we're free to build it right. Founded in 2025, Govinity is founder-led and serves 18 public-sector customers in 11 states. Managing public meetings and the decisions made in them is our only business.
